

PROVIDES

- Closed Loop Systems
- Linear Motion Shakers
- Desander/Desilter Fluid Conditioner
- Barite Recovery Centrifuges
- High Speed Centrifuges
- High Volume Centrifuges
- Vertical Cuttings Dryers
- Excavators
- Shaker Screens
- Centrifugal Pumps
- Diaphragm Pumps
- Diesel Pumps
- Cuttings Tanks
- Slurry Tanks
- Pressure Washers
- Experienced Personnel
- All Safety Requirements

BROUSSARD

115 LAFFERTY
BROUSSARD, LA 70518
OFFICE: 337-857-6640

DILLEY

15222 SOUTH IH-35
DILLEY, TX 78017
OFFICE: 830-326-3063

ODESSA

365 MERCER RD.
ODESSA, TX 79766
OFFICE: 281-298-0622

SAFETY IS OUR
NUMBER ONE GOAL

LEADER IN
SOLIDS CONTROL

LINEAR MOTION SHAKER

- High "G" Force
- 34-Foot Screening Area
- Rugged and Reliable Design
- High Performance
- Low Maintenance
- Quick Screen Panel Changes
- Small Footprint
- Low Noise

PRECISION
SOLIDS CONTROL

MUD CLEANER/ FLUID CONDITIONER

- Desilter Cones up to 800 GPM
- Desander Cones up to 1500 GPM
- High "G" Force
- 34-Foot Screening Area
- Rugged and Reliable Design
- High Performance
- Low Maintenance
- Quick Screen Panel Changes
- Small Footprint
- Low Noise

BARITE RECOVERY CENTRIFUGE

- Big bowl/High Volume
- High Performance/Low Operating Cost
- Highly efficient centrifuge recovers barite & returns it to the active system, while rejecting finer, low-gravity solids

HIGH SPEED CENTRIFUGE

- High Performance/Low Operating Cost
- High speed centrifuge performing at 2100 "G" Force removing low gravity solids and fine particles in fluids
